Established in 2007 by BharataNatyam performer, teacher and choreographer Oxana Banshikova, the mission of the Cosmic Dance Group is to popularize Indian dance in Hong Kong and to create opportunities for Indian dance lovers to learn and perform a variety of Indian dance forms. At Cosmic dance we concentrate on BharataNatyam Indian Classical dance and its fusion with modern popular music, although we also work with modern dance styles and are continually seeking to expand our horizons.

At present, the Cosmic Dance group consists of 6 dancers; most of them are professionally trained and some are senior students of the Cosmic Dance Company. Our repertoire includes a variety of dances, including Indian Classical, Modern Indian fusion, Bollywood and Indian folk dances. We continually update our repertoire and aim to produce at least one show of our original choreography every year.

The Cosmic Dance group has performed on numerous occasions in Hong Kong and most of our performances have been at charity and cultural events:

- Matilda Hospital Sedan Chair Race, Matilda Hospital, 2008
- The Journey of the Lotus, Fringe Club, 2009
- Sha Tin Cooking competition, Sha Tin Plaza, 2009
- Urban Dance Festival, Taikoo Place East, 2009
- Racial Harmony Cultural Show, Yau Ma Tei Community Hall, 2010
- International Dance Extravaganza, Lyrical Theater, APA, 2010
- Annual charity performance for Udavam Karangal (helping homeless children in India), French International School, 2008, 2009 and 2010
